DefendAir HEPA 500

Powerful air scrubber and negative air machine

High efficiency air filtration, the maximum clean air rating from AHAM, and extreme versatility – all with a small footprint! The DefendAir HEPA 500 combines advanced clean air performance with the valuable features to help make the restorer's job easier. The DefendAir HEPA 500 uses HEPA filter media with an efficiency rating of 99.97% against 0.3-micron oily aerosol particles, and provides 250 to 500 CFM, the typical airflow level demanded on restoration jobs.

Item #F284

Product Features

- Built-in Microban® antimicrobial product protection to inhibit the growth of odor and stain causing bacteria, mold and mildew in this machine.
- Advanced filtration technology
- Daisy chain capability - link up to 3 units on 1 power outlet
- Variable CFM on each unit- up to 1500 CFM per 15-amp circuit
- Stackable, lightweight, and easily transportable

Product Specifications

Model	F284
Power	3 amps, 115V, 60 Hz
Dimensions (H × W × D)	24.6 × 26.2 × 18.2 in. 62.5 × 66.5 × 46.2 cm
Duct sizes	Intake: 12 in. Outlet: 8 in.
Use weight	44 lbs 19.9 kg
Frequency	60 Hz
Air movement	250 CFM (min.), 500 CFM (max.)
Filter system	2-stage
Primary filter	HEPA filtration technology
Pre-filter	Standard paper pre-filter, plus plus Activated Carbon Filter and DOP filter options
Daisy chain	Plug three units together – provides up to 1500 CFM
GFCI	Outlet protected
Power cord length	25 ft. 7.62 m
Speed	Variable from 250 CFM to 500 CFM
Filter change light	Indicates when primary (HEPA) filter needs to be changed
Housing	Rotomolded polyethylene
Safety marks	UL/C-UL Listed
